Eric Forkel Wins WCST Ebonite Singles Stan Winters The Super Senior Champion

by Dick Sanders

LAKEWOOD—Eric Forkel (Henderson, NV), captured his 4th WCST Title last weekend at Cal Bowl in Lakewood, CA. This Tournament was very challenging for the bowlers as the lane conditions were very tough, and only 10 Bowlers out of 62 entered were in the plus. Eric led the qualifying for the 10 games with 2139, just 2 pins ahead of Sonny Dew. Many bowlers struggled as the day wore on, and at the end of the qualifying for The Regular Division, plus 18 was the cut score for 10th place. The Super Seniors were all in the minus, and Curt Snyder, the leader at minus 14, with minus 104 the cut score 8th place for the Super Senior Finals. Eric lost the lead only once during the finals, as he won 9 of 10 matches, as 2nd place finisher, Sonny Dew, who for one game of 10 enjoyed the lead. Eric won the tournament by 202 pins.

The difference between Sonny Dew and 3rd place finisher, Mike Rick, only 1 pin, with Vaughn Doody, only 29 pins behind Mike in 4th place. 5 Super Seniors made it to the Regular Division Finals. Prize Fund Pay-Off: 25 checks paid out for a total of \$7,655.00, and for 8 tournaments this year, \$62,945.00 paid out, and for 254 tournaments, a total of \$2,860, 888.00 paid out. TOP: 3, 1st Place, Eric Forkel, \$900.00, 2nd Place, Sonny Dew (Los Angeles), \$600.00, and 3rd Place to Mike Rick, Redlands, \$450.00. Our thanks to Mr. Gary Kowarsh the GM, and his fine workers for all for all of their help and cooperation. Thanks to our Coverage Tournament Sponsor, Ebonite International Company, and to Larry and Theresa Wilson, for doing the Brackets. Our next WCST Ebonite Singles Tournament will be at Riverside Casino lanes in Laughlin, NV, July 21-22., with an optional 5 game singles sweepstakes scheduled for Friday, July 20th to start at 3:00PM. A reminder for the Ebonite All Star Doubles, scheduled for Buena Lanes, Ventura, CA, September 15-16, 2007. The 63 team maximum field is filling fast, as there are 39 teams signed up at this time. SUPER SENIOR NEWS

Stan Winters (Simi Valley), won his 2nd WCST Super Senior Title. He won his 1st Title at Forest Lanes this past May. With the scoring at a low peak in the tournament, Stan, qualified 6th with 1919 for the 10 games, but on Sunday, rolled 1669 for the 8 games, won the tournament in the Position Round, 52 pins down from the leader Jim Gilchrist. Stan beat Jim 233 to 192, and with the Bonus Pins of 30 for the win, ended up winning the tournament by 19 pins. The only other bowler in the plus in the finals was Russell Booth with 1620, after qualifying for the last spot with 1896. Top 3:, 1st Place, Stan Winters, \$500.00, 2nd Place, Jim Gilchrist (Costa Mesa), \$350.00 and 3rd to Russell Booth (Van Nuys), \$325.00.

Format: All bowlers enter the WCST Singles Tournaments for the main prize list, the perk for the Super Seniors, is that if their qualifying scores are high enough, they will bowl in the Regular Division Finals. Super Seniors that do cross over, bring their portion of their prize fund paid from their entry to pay additional places in the regular division finals. A guaranteed amount of super seniors will bowl for their own finals, no matter how many cross over. Once a Super Senior crosses over, he is no longer considered a super senior for that day, and counts as a regular division, and then cashes in the highest prize possible. This format, a perfect example for the Cal Bowl Tournament, as 5 super seniors, crossed over, and 8 super seniors bowled their own finals out of 25 super seniors entered.

Sport Bowling On Horizon

RENO, NV—The United States Bowling Congress Open Championships is built on 104 years of history and tradition and exemplifies integrity and competition, while providing its participants with a unique and enjoyable experience.

Challenging lane conditions always have been a staple at the USBC Open Championships and have added to the prestige that comes with beating out more than 60,000 competitors for a title on the tournament lanes.

Beginning with the 2008 event in Albuquerque, N.M., the tournament officially will be USBC Sport Bowling certified for the first time.

Bowlers already know the conditions they face at the tournament each year are fair, but demanding, with an emphasis on shot making and spare shooting. But what they don't know is that based on revised Sport Bowling parameters unveiled in 2006, tournament conditions in recent years would have conformed to Sport requirements, thus making them Sport veterans.

"Sport Bowling lane conditions appear regularly at many of USBC's national events for adult and youth bowlers, so it's only natural that we incorporate the same challenge into what has become the biggest bowling tournament in the world," USBC Chief Officer for Tournaments and Events Roseann Kuhn said. "The conditions at the Open Championships have always been challenging, so there won't be a noticeable change on the lanes, but I think the Sport label will bring additional prestige to a tournament title."

As part of the change, all USBC Sport members competing in the Open Championships will be eligible for Sport awards. Tournament participants will have the opportunity to upgrade their memberships on-site prior to competing in the tournament, while any bowler who is not a Sport member, but rolls an honor score, still will be eligible for traditional USBC awards.

Bowlers also will have a second opportunity to test their skills on a Sport Bowling certified lane condition in 2008 at the special side tournament that will be conducted on a 12-lane setup adjacent to the 48 lane installation being used for the Open Championships.

The event will feature a unique two-game format, similar to the satellite events that were part of the 2000 Open Championships in Albuquerque and the 2003 tournament in Knoxville, Tenn. Competition will be divided into two average-based divisions with daily and optional year-long prize funds. "With the growing popularity of PBA Experience leagues and the number of USBC bowlers who are Sport members, it only makes sense to designate a tournament that already complies with Sport rules as a Sport certified event," USBC Chief Executive Officer Roger Dalkin said. "This is all part of our new vision that focuses on growing the sport."

Stephens Strikes on Final Ball For \$20,000 Brunswick Title

by Mike Cammarata

DOWNEY—Spectators at Del Rio Lanes in Downey were treated to a thrilling five game match on Monday night. The teams of Bry Law Accounting and Clyde's Video Games battled back and forth throughout the evening. After five games over 3 ½ hours, it all came down to one ball. It's hard enough to strike without any pressure on our infamous 2nd round condition, but with \$20,000 on the line it is even harder, however Larry Stephens was able to carry all ten pins from the Brooklyn side to earn his team the title and the money. That's the end of the story, but how they got to that point was absolutely classic.

Brunswick Champions for 2007: Bry-Law Accounting Members: (L-R) Damone Hale, Art Jones Jr, Billy Myers Jr & Larry Stephens received \$20,000 1st place money.

The concept of the match is a best three out of five series that incorporates all four of the lane conditions that are bowled on during the season. The conditions for the first four games are randomly drawn, however if the series goes to a fifth and final game, the #1 seed gets to choose the condition, as a reward for being the top seed.

The Bry Law Accounting team consisted of Billy Myers Jr., Damone Hale, Art Jones Jr., and Larry Stephens. Ramon Torres, John VanDerham, Paul Danforth and Jeff Garrison were the members bowling for Clyde's Video Games. Randomly, the match started on the 2nd round challenge shot, which if you haven't bowled on it, truly lacks an adjective to describe its difficulty.

Game one was won by Bry Law (704-685). Art Jones Jr. led the way for Bry Law with a 206, and Billy Myers Jr. was right behind him with 191. Damone Hale struggled with only 144 but got a key double in the 10th frame to help seal the victory. Ramon Torres was the high player for Clydes' with a 211 game.

Clyde's evened the series in the second game with a 71 pin victory that was bowled on condition #1, the highest scoring of the four. Ramon Torres shot 225, John Vanderham 201, Paul Danforth 252, and Jeff Garrison 269 for a nice 947 total. Bry Law fell behind early in this game. All the strikes they threw late kept them in the game, but Clyde's never let them get back to even. Bry Law was led by Billy Myers Jr. in this game with a 248 and all three of the other players posted scores in the low 200's for an 873 total.

Game #3 brought us back to another of the difficult conditions, pattern #4. Pattern #4 is one of the sport conditions, and is the 2nd hardest shot in the league. Clyde's struggled their way to a 720 total, in spite of the continued good bowling of Ramon Torres who shot 224. On the other side, Billy Myers Jr. strung a 6 bagger at the end for 234 in leading his team to a 780 total and a 60 pin victory to take the lead back in the series, two games to one.

Bry Law had a chance to clinch the match in game #4, and it would be bowled on pattern #3, which is the heavy oil round. The game was very close heading into the 10th frame, with Bry Law holding a slight lead in spite of three of the bowlers from Clyde's coming into the frame working on doubles. Those doubles paid off as Ramon Torres threw three strikes in the 10th and was followed by strikes from John Vanderham, Paul Danforth, and a double from Jeff Garrison. Matched with a missed ten pen from Art Jones Jr., Clyde's was able to come back to win by 26 pins (871-845). Ramon Torres and Jeff Garrison tied for the team lead with 238, and Damone

Up Your Average

by Rolf Gauger

Instruction to Help Raise Your Scores

Helpful Hints. Accuracy, Etc.

My articles are mainly “Student driven”. This means that those things that have helped make my students successful, comprise the majority what I teach and write about. I’m not the only teacher/coach who does this. I know that many of this sport’s top coaches do the same. I know for a fact that gold level coaches such as Susie Minshew, as well as Hall of Fame “Coach of the pros” John Jowdy and many others have developed extremely successful teaching methods based on what works for their students. Hall of Famers such as Carmen Salvino, the late great Don Johnson, Parker Bohn, etc. are just a few who can be included in this category.

True, various coaching certification courses and a lot of reading (and bowling) are the basis of any good coach/instructor/writer’s knowledge. But years of experiences with what has worked to make students successful are often responsible for what a good coach teaches and writes about.

Since my students have always been enthusiastic about being the subjects for experimentation with new ideas, those methods that have borne fruit will often appear in these articles. This also means that as our sport changes, be it lane surface differences, new balls, analyzing methods such as CATS machines, etc., teaching methods have to constantly be updated as well, to guarantee student success.

Years ago, a PBA Hall of Famer with whom I studied...a successful teacher and author instructional books and tapes, once said to me, “Rolf, read every book you can lay your hands on, *but learn to become selective about what you believe*. Do a lot of experimenting before you decide which techniques you’ll accept and teach. Keep abreast of changes, because to turn out successful students, the updating of your teaching is critical.” Good advice!

Here’s my point: The laws of physics never change, but which of those laws to apply and how to best apply them, may differ vastly.

Result? Some aspects of bowling and teaching have become easier, while others have become more complicated and difficult.

Example: A former student of mine, touring pro and friend of Earl Anthony, Yogi Yoesting, once told me that Earl could split a target board into three parts and hit any part at will. Not every time, but often enough to win. Everybody knows that accuracy was one of Anthony’s dominating success factors. His approach was so consistent that it was said a glass of water on his head wouldn’t spill. No wonder he was accurate!

So imagine my shock when a CATS machine chart, documenting the accuracy margin for the best bowlers tested...those averaging 220 and up...showed it to be 3¼ inches! *That’s three boards, folks; nearly 2 inches missed on either side of the target board’s center!* No high level bowler could’ve gotten away with that 20 or 30 years ago. Yet today’s lane conditions allow it.

So Let’s Talk Accuracy

Again, there are accepted rules for bowling accuracy. I discovered something, however, that I have not yet seen taught in most coaching seminars. Checking human kinetics as well as the applicable laws of physics, clarified something that improved accuracy. This continues to work for my students, so we’ll cover it here:

Since your bowling arm is attached to the bowling shoulder, approaching with the feet toward the target board is *wrong*. Why? Because if you were to walk out to your target and stand on it, your bowling arm *would be hanging close to the gutter*. So, approaching in that direction will force a steered shot, which destroys accuracy.

Walking along the boards is also wrong! Remember, your bowling shoulder won’t face the target unless that shoulder (not your body) is *deliberately turned to face that target first!*

So what’s the answer?

Well, if you approach with your *bowling shoulder* toward the target board, then no matter what your starting position or target location, the angle of your approach will always allow your swing to remain aligned with the intended target.

There’s a little trick to help solve the problem. It involves imagining that a string is stretched from your shoulder to the target. Then, to improve accuracy, the following simple steps are used:

The Four Part Accuracy Technique

1 – Stand on your starting board with your bowling shoulder aligned with the string (be sure the feet are facing square to your shoulder line);

2 – Do you pushaway from bowling shoulder toward your mark (target). This is sometimes referred to as “shooting” your target. (Your pushaway now moves your ball along the imaginary string).

3 – Do your approach with the *bowling shoulder...not your eyes...*moving toward the target. Sort of like making your shoulder follow that string.

4 – Release the ball and follow through in front of and in line with the *bowling shoulder, not the target board!* This is critical because your eyes see the target on a different line than the bowling shoulder...so aiming your shot at where the eyes see the target, will cause a pulled shot.

This technique is called a *bee line approach*, meaning simply that the bowling shoulder moves toward the target in a straight line, just as a bee would fly from the hive to its intended target...the flower...*regardless of the angle of that flight*.

So obviously the actual angle of approach would vary with different shots, depending on the staring board and target location. This “Shoulder follows the string technique” becomes the rule for every shot ever thrown...no exceptions! This works so well for those who use it, that both accuracy and scores have dramatically improved!

The Lowest Common Denominator

Take that 3¼ inch accuracy quotient mentioned above, for instance. Imagine a high level bowler with that same accuracy quotient who, without improving anything else, reduced that margin from 3 ¼ to, say, 2 inches. I say that bowler’s winning percentage would go up dramatically.

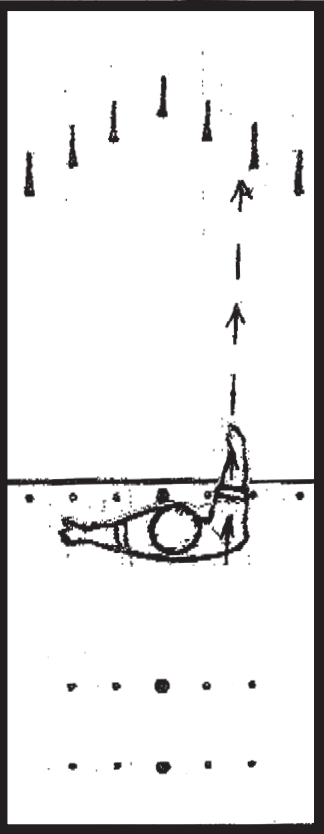

But what about the medium average bowler? Well, I’ve seen 150 or less average bowlers raise themselves by 20 to 30 pins, just by improving accuracy through tat “shoulder follows the string” technique.

Impossible, you say? Not at all! The only thing necessary is to practice accuracy for its own sake. This is where the so called “area” bowlers get fooled. By targeting a “wide area”, they lose two important items which are critical; accuracy and consistency.

This is also why reading and quickly adjusting to changing lane conditions becomes so tough for many otherwise excellent bowlers. When faced with a super oily, super dry, tracked out or other unusual condition, what difference does it make how well you read the lanes or how correctly you adjust, if lack of accuracy prevents your adjustments from being workable?

How New is New?

So what if current “house conditions” make things easier? The majority of bowlers know that already. Please remember one extremely important thing: “easy” is comparative. Easy compared to what? Higher scores than in the 1950s through 1080s, means everybody’s scores! That merely indicates that your accuracy must still be better if you intend to improve in league or tournament play. scores may have been lower back then, but you didn’t need as high a score to win. Think about it a moment. True, your overall average of today looks better in the book, but consider the cost:

Shoulder to target. Follow through is shoulder aligned.

In the so called “old” days one or two balls, each at about \$60 to \$80 or so, would have been enough. Today, the eight ball limit for touring pros, (with four to six carried by many house bowlers), certainly makes it not only much more expensive, but a lot heavier to travel with. At \$140 to \$300 per ball, the only thing lighter is your wallet.

Those same balls of yesterday would often have lasted at least four seasons or more. Today, despite track flare, balls need frequent refinishing to remain viable, which causes them to wear out sooner. Keep in mind that there’s a limit to how often a ball can be refinished. Replacement is expensive!

Yes, to be competitive back then, you would have been forced to learn several releases and lane play techniques just as today. But show me a high average bowler beyond age 30 who hasn’t had to learn more and more release techniques each time lane conditioning rules have changed.

No, I’m not one of those “go back to the good old days” types. I look forward to one day teaching in houses with the new pin-setters which will allow you to set up any spare you want, track your shot, show ball speed, count revs, etc. They already exist in a few test centers. That will help bowlers hone skills! Better golf clubs, tennis rackets, baseball equipment, etc. have created better play and more broken records in virtually all sports. But athletes, in order to win today, still have to develop and hone skills to levels beyond their competitors if they hope to win.

And “shoulder-to-target” accuracy is one important key!

Marc Sy Wins First ABT Championship at Linbrook Bowl

ANAHEIM—Marc Sy won his first Amateur Bowlers Tour (ABT) championship at Linbrook Bowl on Sunday, June 24, 2007. This weekend, we had a cut after each squad. The cut for the 12 noon squad was +178, 2PM cut was +158, 4PM squad +151 and Sunday 10AM +119. After the semi-finals, our finalists included Lowell Thompson, Marc Sy, Joevin Bolanos, Anthony Dancel and Stan Por. The cut to make the finals was +122.

The first two matches saw Stan Por take on Joevin Balonos while Anthony Dancel took on Marc Sy. Anthony opened his match with two opens while Marc stayed clean until the ninth frame. Final score with handicap 222 for Marc and 188 for Anthony. In the match between Joevin Bolanos and Stan Por, Stan started the match with a double followed by a spare and then struck in the fourth through seventh frames. Joevin started the match with a split and then marked in the next three frames before opening in the seventh and ninth frames. Final score being 196 for Joevin to Stan's 237. In the semi-final match between Stan and Marc, the game was close for most of the match. Stan marked in each of the first four frames and opened in the fifth while Marc opened with a double and was able to stay clean through the entire game. Stan threw strikes in the sixth through ninth frames before opening in the tenth. Final score of the game with handicap was 257 for Marc and 220 for Stan.

The final match saw high qualifier, Lowell Thompson, take on Marc Sy. Lowell started the match with alternating spares/strikes through the sixth frames before chopping a spare in the seventh frame, while Marc strung six strikes to end the game. Final score with handicap was 279 to 219.

Our newest champion, Marc Sy is 25 years old and is married to Sophia. Marc has been bowling for about 20 years and has been a member of the Amateur Bowlers Tour (ABT) for about four years. Marc was using a Storm Paradigm drilled at the pro shop inside Cerritos Lanes. Marc wanted to thank his wife, Sophia, for her love and support and to Marvin Fangre for his support and encouragement all weekend. Marc also thanks Linbrook Bowl for hosting the tournament this weekend and the Amateur Bowlers Tour-Orange County Branch staff and Directors for running an outstanding tournament week after week.

Bob Turner was the winner of the optional 4-game Scratch Sweeper and \$100 with a 907 scratch series. We had many positive comments about the optional 4-game Scratch Sweeper, and will continue to run this optional Scratch Sweeper at each upcoming tournament.

The Mystery Pot game and scores for this weekend were: game number 1, with first chance score 261, second chance 274 and third chance 251. There was no winner. The Mystery Pot carries over to our next tournament at Linbrook Bowl. Remember, the Mystery Pot is available to all members (Classic and Masters) and only costs \$5.

Donkee Tournament Club Mourns Loss of Joan Mullholland

by Steve Brode
NORWALK—It is with deep sadness that we announce the passing of Joan Mullholland on 6/25/2007. Joanie as she is affectionately known to the bowling community was loved by her peers. Joanie bowled several leagues at Beverly, Covina and a travel league. Joanie has spent the last 25 years with the Donkee Tournament Club as a bowler and the last 12 years as a Director. She loved going to Nationals, and state tournaments. We enjoyed the good conversations, the happy go lucky attitude, the ups, the downs, it really didn't matter what kind of mood any of us were in. We knew Joanie would have something to say and to make us laugh. We rooted for her in her last 2 Donkee titles, which coincidentally are the only 2 and both occurred after age 70. It is amazing that a woman with such a small frame someone could be so full of life and enthusiasm. She was care-free, lived every moment to the fullest. We will miss her very dearly. Joan was born 2-5-1930 and was 77 yrs old. She is survived by her sons Craig, Scott, Steve & 8 grandchildren. We do not have arrangements as of yet, but you can email steve@donkee tour.com or chuck@donkee tour.com and we should have them by the time this is published.

The ABT staff and membership would like to thank the management and staff at Linbrook Bowl for hosting our tournament this past weekend. Our next scheduled event will be on **Saturday, June 30, 2007 at Westminster Lanes.** All members (Classic and Masters) are eligible. Handicap will be 80% of 225. Squad times are at **12N, 2:00 PM and 4:00 PM. THERE WILL BE A CUT AFTER EACH SQAUD WITH 1 IN 6 GOING TO THE SEMI-FINALS.** Semi-finals will be at 6:15 with finals to follow. We will offer **\$100 sidepots** on each squad with just 20 entrants, as well as **optional brackets** for each squad. First place with 100 entries will be \$800 for only a **\$55 entry fee.** First place with 100 entries and full progressive will be \$1500.

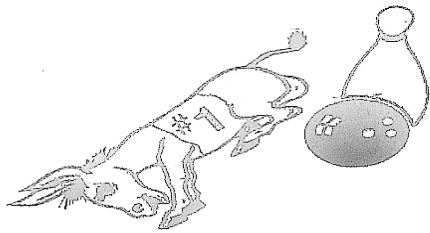

We hope to see you Saturday, June 30 at Westminster Lanes.

Gina Wins First ABTA Title in 10 years

Jemison, and Moscarro hit Match Series \$276
Match Game est \$2,400 this week 3-6-9 is \$1,900
Handicap FROZEN this week in one day Event at Bowlium
Qualify 12:00-1:00-2:30-4:00 & 6:00 PM Semi-Finals 7:45 PM

NORWALK—Long time ABTA Member Gina Velarde was the best as she won her third ABTA Title in fine style, downing upstart Cora Davis in the Title match comprised of two pretty females. Gina took home a tidy \$2,550 1st place with Bonuses, plus the First Female Champion \$250 on our latest Schedule.

In our return to Keystone we had a nice turnout of 176 entrants in the two day event. It took a nice +85 (men, and +18 ladies to make the Saturday cut to the semis. On Sunday morning in the 10:00 AM squad which also took 1 in 5 to the semis we saw Men +58 and Women +7 making the grade to the semis. Also added were Super Seniors, Simon Rojas, Bo Bonneau, and Esther Tambio to the board.

Leading the Semis was Gina Velarde at +139 to be top seed, sit out and bowl for the title. She was followed by Rick Hornbeck at +124 who would receive a first round bye in the single elims and enter in round two. It took a +46 (men) and +40 for the 3 guaranteed ladies to make the Sweet 16 Single Elim Finals..

The Bowlers took to the lanes. In the first round single elims and losing were Jeff Sargent, Glen Matsumoto, Alan Libao, Katheren Gonzalez, Phillip Sujo, Alonzo Lemons, and Eddie Jones who got checks of \$100 in 10-16th places.

In round two being eliminated were Rick Hornbeck, Michael Gill, Jeff Taino and Alex Vela. They cashed in 6-9th places and \$107 each.

Round three had Cora Davis,

Kenny Johnson 190-180. Gary Gordon stepped up to down a hot Chris Mansfield in a good one 244-233. Chris and Ken were 4th and 5th with great bowling and \$112 each.

It was now Cora vs Gary for the right to meet Gina for the title. They tied to the pin. In a close match Cora pulled out a 190-178 win and Gary was 3rd with Cora off to the title game.

The title game was set and the horses were paid as Cora returned a sweet \$205 for the people who had her in the horses! And for \$5.00 no less.

We would have a new Champion and a Lady Champion, no matter the outcome. Two sweet ladies would now meet for the title. Cora lead off with an open, and Gina surged with a turkey to open the match. The game was tied with the handicap. Both were clean but had opened in the 8th frame. Gina took control with a big double and Cora missed the 6-10. What a nice finish and by two great Ladies. Gina is so deserving and has kicked her bowling to a higher level for sure. It paid off at Keystone as she finally got her first win in nearly 10 years. She and her vast family and relatives are great people and ABTA supporters. Congrats on a great performance and well deserved.

Fine bowling by Cora Davis who nearly got the title. She admitted to being a bit tired , but she could have won if not for Gina’s fine game. She could have been the winner and did very well. Great going! She was the Horse winner :-)

Great bowling by Gary Gor-

don, also, a true gentleman who is an ABTA Supporter. He is on the improve!

Kevin Valmonte eliminated the field in the 3-6-9 roll off and went to the final ball needing 9 for \$1,800. He came up a bit high. We go for \$1,900 this week at The Bowlium. Kevin got a \$50 consolation for beer money:-).

The Match Game of 243 was not hit and we will estimate the Match Game to be \$2,400 this week.

Match Series worth \$280 was matched by Carlos Moscarro, and Alfie Jemison who split the cash for their fine 594 sets. We estimate another \$280 for only a \$2 entry this week

Champion Gina Velarde, is an ABTA Blueblood (She also bowls in our ABTA League at CAL Bowl.) She is from Mira Loma and Used a Total NV drilled by Mike Wahl at Cerritos Lanes. She is married to Greg whom she met by bowling in the ABTA. They are very happy with a beautiful daughter Keilana. She thanks Greg, a fine bowler and ABTA Champion for support. Her Mother Angie who bowled this week along with Uncle Dominic and Aunt Esther for support, as well as Mike Wahl who drills and cares for her bowing equipment. Lets not forget Mike and Jyl Tambio and In laws Toni and Randy Henry who are so supportive and the ABTA staff who do a great job.

Cora Davis is from L.A., and is single with a daughter Precious also an ABTA member. She used a Infinity drilled by Billy Myers at Cal Bowl She thanks Emerson,

BRUNSWICK continued from page 1

Hale paced Bry Law with a very nice 248. Game five started, and it is back on the 2nd round grind, at the choosing of Clyde's Video Games. It seemed that Bry Law had the wind knocked out of them with the last second defeat in game four and they started the final game with five opens in the first two frames to fall behind. They managed to stay in the game and keep it close as it got to the final frames. Their final open came in the sixth frame and after that Bry Law just kept making spares to hang around. They were 25 pins down in the 10th, but were fortunate enough to find a flat 7 – 9 split from Paul Danforth that made up a little ground for them. Art Jones Jr., the third bowler for Bry Law left the 3-5-6, and was waiting to shoot his spare. The anchor bowler for Clyde's decided to start his 10th frame then and left another big split, the 4-6-10. After Jones made his spare, Jeff got only one of the three pins standing, leaving the match in the hands of Larry Stephens. Stephens left a ten pin on his first shot, and in any normal situation, that's a simple spare, but with the game on the line and the challenge condition in front of you, who knows what can happen. Calmly, Larry picked up the spare, bringing the game to the final ball. Nine for a tie, and ten for a win. The ball was good of his hand, but made a hard left turn as the ball always will on this condition. It passed in front of the head pin and blew all ten pins into the pit from the Brooklyn side to the immediate cheers and relief from the Bry Law team and their supporters as well as the immediate shock from the Clyde's team as to what had just gotten away from them in a matter of minutes.

Both teams competed with class and intensity and it was a pleasure to watch. Congratulations to the Bry Law Accounting team for winning the title and the \$20,000 that comes with it. This capped off another great season of the Brunswick Invitational, and we are already looking forward to the next one, starting in September. Call Del Rio Lanes (562-927-3351) and speak to Mike Cammarata with any questions regarding signing up for this fantastic event.

Jr. Elims – Part II

by David Gordon

NORWALK – We're back at Keystone Lanes for West Coast Jr. Elims – PART II. That's right, if you haven't been following the recent articles, well shame on you. But really, with seven more weeks of summer available to us, we're running a whole new Elims program. This increases the chances for those up and coming bowlers to experience match play and get a taste of glory that might otherwise have passed them by.

This past Saturday we started Part II. We have some new faces on the lanes and plenty of room for additional bowlers. Bowlers have up to the 3rd session (July 7th) to join the group. This week the high bowler honors goes to J.D. Pelow, who started us off right with 257-221-246-214/938. And this is from someone that says "I don't like Keystone". Well done J.D.! In the 800 club we have another new face from the past, Ryan Aguilar posting up 237-216-235/859. Joining him is Justin LaMere with 215-211-200/808. Good bowling gentlemen. Additional reportable scoring came in from Andrew White 201-220-223/782, Amanda Neil 205-212/762, DeeRonn Booker 203-203/742, and Albert Fernandez 208.

The turnout was expected to be low as many where competing in the World Team Challenge this past weekend. Hopefully many of those will come on out and take advantage of our unique program. There is an allowance of three make-up/pre-bowl sessions, so even if you missed the first week, you can still cover it later. That means there is still plenty of time to join and I hope to see you at Keystone Lanes next Saturday at 2:00. If you have questions, please contact me at 310-665-9536 or email at David_Gordon@sonyusa.com. See you then.

Cerritos Jrs

CERRITOS—It was just as hot inside this past Saturday morning as it was outside with all the high scores coming in from every division. In the Lil Raiders Garrett Lee set the lanes on fire with a 109-204, and Dylan Hill kept them going with his awesome game of 113-199, and Jarred Dee just followed suit firing his hot game of 99-196. Kaitlyn Johnston was just as much determined to keep those lanes on fire too. She shot a nice 98-176 game. In the Rookies, they decided to keep the flames going. Chris Goar tore up the lanes with a superb 133-349, Sebastian Militante worked his magic shooting a 117-322, and Joseph Ash did some magic of his own, bowling a 94-222. Kris Liberatore did what she did best, firing a beautiful 108-278, April Ramirez knew where she had to put her ball, and bowled a nice 93-259, Melyssa Cabigao was no exception either, she shot a wonderful 88-249. In the Striking Force it was Spencer Van Rijbergen with a terrific 159-429, Chris Eguilos also firing a 158-429, Justin Stinson knew his stuff bowling a 150-416, Andrew Arellano bowled a 157-386, and Robert Lim had the lanes aflame with a 172-381. Kyli Selley kept things going with a 127-345, Marcella Ash, followed the path set and fired an awesome 137-325, and Kim Eberle knew where her mark was, bowling a 111-308. In the Seniors it was Ryan Cunningham setting thing off with a 201-529, Lance Neavitt bowled a 181-506, and Kyle Jacobowitz just kept it going shooting a 169-492. Lizzy Raya was ready and on fire bowling a 170-489, Gemelelne Sunga knew what needed to be done and she did it, bowling a 159-436, and Alexis Adinolfi did what came natural bowling a 147-425. Great Bowling Everyone!

4th Place Finishers for \$7,000 were the Professional Approach Pro Shop Sponsored Team Members: (L-R) Steve Schroeder, Scott Filipi, Gary Gladstone & Dean Sanderson.

6th Place Finishers for \$4,000 were the Freek Racing Sponsored Team Members: (L-R) Leonard Ruiz Jr., Daniel Ruiz, Steve Gurrieri & Charlie Kinstler.
